

# MURPHY'S PAGE

**It's getting colder but you *STILL* need to wear your UV protection glasses, especially when there is glare coming off of snow!**

**Woof! Woof! I LOVE this time of year!**

**It's the start of the holiday season and there are many activities that I really enjoy.**

**Mom will put that Thanksgiving turkey in the oven and I will supervise the cooking and tasting of that mighty bird!**

**"Who put these leaves in my candy dish?"**

**Oh well, before I can eat my turkey, it looks like I'm gonna have mom come out and rake up all the leaves. I hate leaves in my candy dish!**

**Once mom started raking up the leaves, I realized how much FUN they really can be! I can take my ball and play with it while mom gathers up the leaves.**

**"Mom, will you play ball with me?"**

**I also realized that leaves can be really warm. They feel as if I am laying on my blanket on a cold winter's night.**

**It's really soothing and relaxing.**

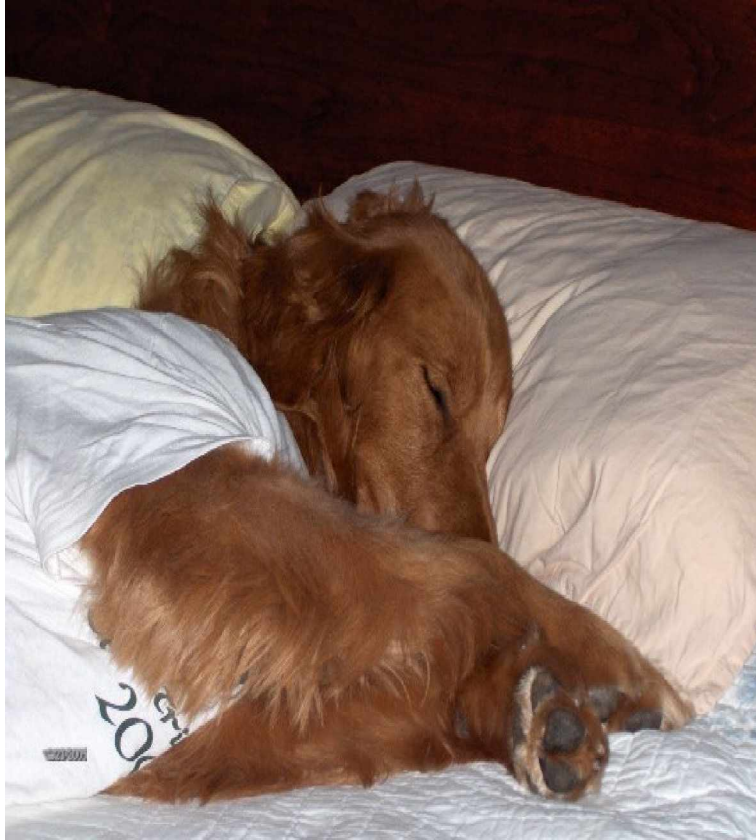

"Hey! This feels really great!  
It's time to think about  
what I'm gonna get for Christmas?"

**While sitting here, I realize that Christmas is coming  
and wonder what I'm gonna get from Santa Claus.**

**Dear Santa,  
I have been a good CEO (Canine Executive Officer)  
and I would like the following for Christmas:  
A new ball  
Some good bones to gnaw on and bury.**

**Goldfish crackers  
Cheerios & Carrots  
More projects and activities for mom and the staff**

"...and visions of sugar plums....  
and other doggie treats danced in Murphy's  
head!"

**Until next time!  
Happy Thanksgiving!  
Woof! Woof!**

**Murphy Kogler
